

## About Our Coffee

Attention to the social, environmental and financial impacts of conducting business forms the foundation of Grounds for Change. Out of this concern grows premium quality, great service and passion for our trade. The result is a truly exceptional cup of coffee. Every single bean we roast is fair trade certified, organic certified, CarbonFree® certified and shade grown, which means the possibility of a real livelihood for coffee growers, a breath of fresh air for the planet, zero net carbon emissions from "crop to cup" and healthy forests for migratory songbirds. ## Coffee Menu

### MEDIUM ROAST

#### Seabrook Blend

Seabrook Blend has a smooth, caramel sweetness that is perfect for those who prefer a mellow, medium coffee. This blend is wonderfully aromatic and full-bodied - a great roast for those who prefer a coffee that is lighter on the palate.

### MEDIUM-DARK ROAST

#### Agate Pass Blend

Agate Pass Blend is a full-bodied combination of South American and Pacific coffees that are roasted to a medium-dark, highly aromatic level. This blend has a smooth, nutty flavor with caramel, almond and subtle chocolate notes.

### DARK ROAST

#### Peru "Café Femenino"

Café Femenino Peru is a medium bodied coffee with a fine acidity, sweet aroma and hints of baker's chocolate that are accentuated by a slow, dark roast. This special coffee is grown, processed and traded by a women's cooperative in Northern Peru.

### DECAFFEINATED

#### First Light Decaf Blend

For those who want a great all-day decaf, this full-bodied blend is roasted to a medium-dark level to bring out a delightful aroma and smooth, mild flavor. Water process decaffeinated.

## Tea Menu

### BLACK TEA

#### Earl Grey with Lavender Blossoms

Selected organic teas from India and Ceylon, delicately blended with bergamot, a Mediterranean citrus, and then enhanced with the lightest touch of lavender blossoms. The quintessential afternoon tea.

#### Celtic Breakfast

Richly flavored and robust. Organic leaf from Assam provides a rich touch of malt and Ceylon teas from mountain estates keep the blend smooth yet striking.

### GREEN TEA

#### Dragon Well Green

One of the most famous of all Chinese teas. It has a vibrant color and very appealing nutty aroma. This is one of the most refreshing green teas in summer heat.

#### Moroccan Mint Green

Blended from carefully selected organic green teas and lightly flavored with spearmint. A cup of hospitality and quiet grace, with only half the caffeine of other green teas.

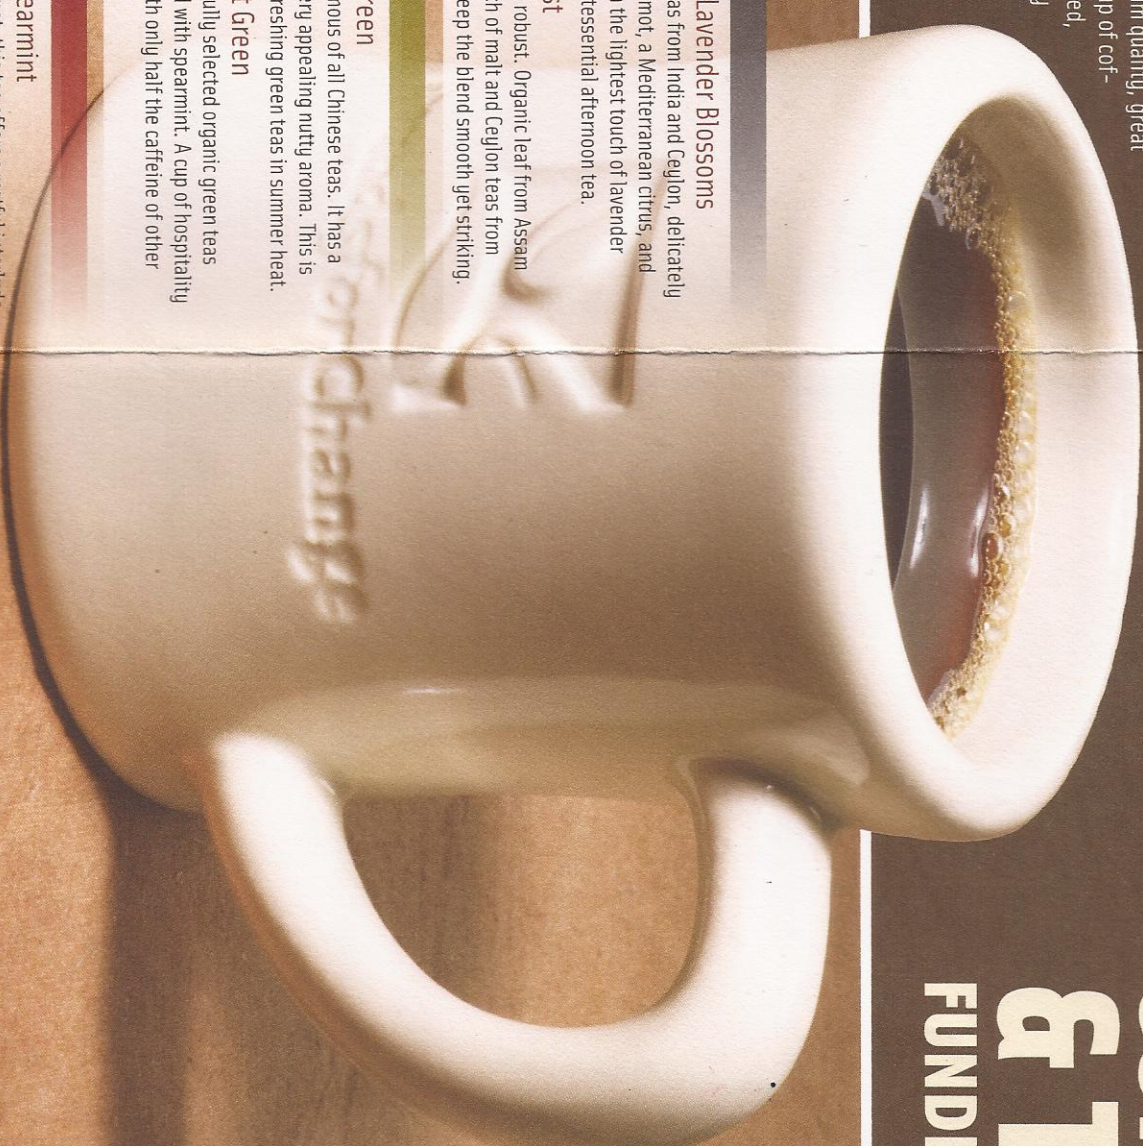

### HERBAL TEA

#### Chamomile Spearmint

Infused with bergamot, this tea offers a restful interlude at any time. Chamomile and spearmint are appreciated for their soothing comforts.

#### Northwest Blackberry

A celebration of field and forest. Selected herbs, leaves and berries are infused with the richness of blackberry. Fantastic served over ice!
